The effortless and lightweight handling of the Tornax TX35 coupled with its agile operation delivers an extremely thorough clean of both floor and walls. This device also comes equipped with a caddy for easy storage.

More Sustainable Product

Save on operating costs and reduce carbon emissions

The effortless and lightweight handling of the TornaX TX35 coupled with its agile operation delivers an extremely thorough clean of both floor and walls. This device also comes equipped with a caddy for easy storage.

Floor and wall cleaning

The TX35 covers both floor and walls hassle-free during its 2.5 hour cleaning cycle. The front scrubbing brush quickly brushes and removes debris that is stuck to walls and floors.

Transport and Storage Caddy

Easily transport and store the TX35. Storage caddy is easy to assemble with no tools required.

Easy Top-Access Filter Canister

Easy top-access filter canister with large handle. Easy-to-clean filter canister means no contact with debris. Possesses a transparent window to view debris collected.

Effortless Handling

It's easy to remove the cleaner from the water thanks to its large handle. The TX35 is lightweight with the body only weighing 5.5kg.
